# 2021 Rutherford Dust Cabernet Sauvignon

The 2021 Rutherford Dust Vineyard Cabernet Sauvignon showcases a deep crimson-red color abundant with ripe red raspberries and complimenting notes of maraschino cherry, red velvet cake, licorice, and cassis. Densely aromatic; notes of dark chocolate and warm winter spices beam out of the glass followed by a rich and round m-outhfeel that is backed up with firm but accessible tannins. Integrated and harmonious already with a delicate balance of rich fruit intertwined with complimentary warming oak spices, revealing a pleasing dusty cocoa earthiness structured to stand with savory dishes. This wines framework assures it will not only be a crowd pleaser early but an age worthy wine in the cellar.
