2013 Napa Valley Cabernet Sauvignon

Coming from a warm vintage, this year's Cabernet Sauvignon has aromas of cocoa, cassis and dark berry fruit plus hints of incense, earth and cedar notes from new French oak. As is our tradition, this is 100% Cabernet Sauvignon with very dark color and a nice concentration of tannin that carries with it a firm, complex mouthful of flavors. The cherry and blueberry flavors sweetened by a chocolate character make the texture very mouthwatering. This is a wine that will be greatly enhanced with decanting at a young age as evidenced by showing even better the day after opening. Additional cellaring will further improve the complexity and structure.

100% Napa Valley AVA - 100% Estate Grown - 100% Certified Organically Farmed
